

DEPARTMENT OF SOCIAL SERVICES

744 P Street, Sacramento, CA 95814

August 13, 1996

ALL-COUNTY LETTER NO. 96-41

TO: COUNTY WELFARE DIRECTORS
COUNTY CAL-LEARN COORDINATORS
AFDC COUNTY CONTACTS
CAL-LEARN CASE MANAGEMENT CONTRACT AGENCIES

REASON FOR THIS TRANSMITTAL

- ☐ State Law Change
- ☐ Federal Law or Regulation Change
- ☐ Court Order or Settlement Agreement
- ☒ Clarification Requested by One or More Counties
- ☐ Initiated by CDSS

SUBJECT: CAL-LEARN PROGRAM SERVICES DURING THE AFDC INTERCOUNTY TRANSFER PROCESS

The purpose of this letter is to assist counties in developing a coordinated approach to continuing Cal-Learn services to eligible teens when they move from one county to another. Counties have indicated that the existing Aid to Families with Dependent Children (AFDC) intercounty transfer (ICT) process is not timely enough for the receiving county to identify a Cal-Learn eligible teen and provide services without a break in service provision.

Counties have raised questions regarding county responsibilities associated with Cal-Learn service provision during the ICT period and how bonuses and sanctions are to be applied during the transfer period. The Department wants to ensure continuous service delivery. Any gap in services to the teen could put the teen at risk for a sanction or cause disruption in the teen's school participation. Therefore, the Department is requesting counties use the following guidelines in expediting ICTs for Cal-Learn clients and identifying teens in receiving counties so Cal-Learn services can begin as soon as possible.

When the sending county becomes aware that a teen either has moved or is in the process of moving to another county, the County Welfare Department (CWD) in the sending county is to notify the CWD and the case management contract agency in the receiving county. We suggest that the CWD utilize the attached CL 15, the Cal-Learn Intercounty Transfer form, in order to transmit this information. One copy of the CL 15 will go to the receiving CWD and the other to the receiving case management agency. The purpose of the CL 15 is to notify the respective receiving agencies of the possibility of a Cal-Learn eligible teen moving to their county.

The transfer period begins when the Notification of Intercounty Transfer (CA 215) for AFDC is received by the receiving county. Upon receipt of the CA 215, the receiving county must provide all Cal-Learn program services to the teen. The receiving county may claim reimbursement for Cal-Learn services provided after the CA 215 is received.

When the receiving county provides, or refers a teen for case management services, the case manager should request information from the sending county regarding the teen. This request can be made on the attached Cal-Learn Case Management Intercounty Transfer Summary form (CL 16). In order to complete the request, the case manager in the receiving county must obtain the name of the case management contact person in the sending county identified on the CL 15.

The sending county remains responsible for payment of the AFDC grant until the ICT process is complete. Since Cal-Learn bonuses and sanctions are tied to continued AFDC program eligibility, the sending county is responsible for application of any bonus or sanction earned during the ICT period. The activities involved in transferring the case, including application of a bonus or a sanction, require specific activity on the part of the Cal-Learn case manager. Therefore, the sending county should keep its case management case open on the teen until the transfer period is complete. Case management costs incurred by the sending county may be claimed for this period. It is the receiving county's responsibility to notify the sending county's case management contact person if a bonus or sanction must be applied during the transfer period. Upon completion of the ICT process the sending county would indicate on the Cal-Learn Teen Parent Monthly Status Report (STAT 45) that the teen has been discontinued and the case has been transferred.

Should the teen or the teen's family become ineligible for AFDC at any time during the ICT period, the sending county must notify the receiving county immediately so that Cal-Learn services are terminated. In addition, when the AFDC transfer is complete, the sending county must notify the sending county case management contract agency and the receiving CWD. In turn, the receiving CWD must notify the case management contract agency in the receiving county. This ensures that all parties providing services to the teen are officially notified when the transfer is complete.

In order to ensure continuous services for teens in the Cal-Learn program during the ICT transfer process, the Department has developed the attached list of contact persons in all CWDs and case management agencies to assist counties with ICT cases.

If you have questions regarding the Cal-Learn ICT process, please call your Cal-Learn County Analyst at (916) 654-1424. If you have any questions regarding AFDC ICT process, please call Alison Garcia at (916) 654-0989.

BRUCE WAGSTAFF
Deputy Director
Welfare Programs Division
